Footnotes:

*Charge and Payment reported are for Hospital services only and do not include professional fees associated with a physician specialist.

**Acuity and Medicare Severity-Diagnosis Related Group (MS-DRG) is a system of classifying a Medicare patient's hospital stay into various groups in order to facilitate payment of services. MS-DRG codes, descriptions, acuity levels and the Major Diagnostic Categories (MDC's) reported here are published by the Centers for Medicare and Medicaid Services (CMS).

***Minimum and Maximum values are excluded from the report due to low volumes among individual insurance plans.

Information reported above is based-on services rendered between 10/1/2020 and 9/30/2021 that have been paid and adjusted in-full.
