**Footnotes:**

\*Charge and Payment reported are for Hospital services only and do not include professional fees associated with a physician specialist.

\*\*Acuity and Medicare Severity-Diagnosis Related Group (MS-DRG) is a system of classifying a Medicare patient's hospital stay into various groups in order to facilitate payment of services. MS-DRG codes, descriptions, acuity levels and the Major Diagnostic Categories (MDC's) reported here are published by the Centers for Medicare and Medicaid Services (CMS).

\*\*\*Minimum and Maximum values are excluded from the report if there are not at-least 12 discharges from five or more Insurance Plans.

*Information reported above is based-on services rendered between 5/1/2019 and 10/31/2020 that have been paid and adjusted in-full.*
