

## Overview

Lawrence General Hospital's Regional Center for Rehabilitation Services provides speech, language, and swallowing therapy at our Andover and Lawrence locations. We currently have openings and are seeking referrals for patients with the following disorders:

### Dysphagia

- Modified barium swallow studies
- Swallowing therapy

### Aphasia, Apraxia, Dysarthria

- Language based therapy for aphasia, apraxia, and dysarthria

### Cognitive Communication Disorders

- Cognitive communication therapy following a stroke, TBI, or concussion to address memory, attention, and executive functions
- Pediatric concussion therapy

### Voice Disorders

- Voice therapy following a stroke or other neurological events
- Lee Silverman Voice Treatment for Parkinson's Disease
